

# From Scientific Research to EU Policy Implementation

*LEAP-RE STAKEHOLDER FORUM*

*KIGALI, October 10<sup>th</sup> 2023*

*Natalia Caldés-Gómez (INTPA-F1)*

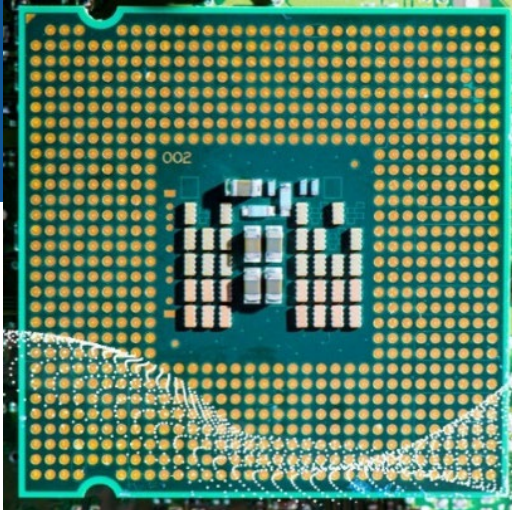

# European Commission DG-INTPA (International Partnerships)

*“...The mission of the Directorate-General for International Partnerships (DG INTPA) is to contribute to sustainable development, the eradication of poverty, to peace and to the protection of human rights, through international partnerships that uphold and promote European values and interests”*

# Global Gateway – what is it ?

- ❖ Our **principles** and **value-based offer** to partner countries: to tackle the infrastructure investment deficit and support the green & digital transition globally
- ❖ Reflects a change in the way the EU approaches its external action: combining the **needs of partner countries** with a stronger assessment of the **EU's strategic interests** to position the EU more prominently in a competitive world
- ❖ Implemented by **Team Europe**, mainly through Team Europe Initiatives
- ❖ **Whole-of-government approach** expected: EC, EIB, EBRD; all relevant MS ministries, development agencies, development finance institutions, export credit agencies, private sector

## Digital

The EU will support open and secure internet

## Climate and energy

The EU will support investments and rules paving the way to the clean energy transition

## Transport

The EU will support all modes of green, smart and safe transport

## Education and research

The EU will invest in high quality education, with a focus on girls and women and vulnerable groups

## Health

The EU will help strengthen supply chains and local vaccines production

Democratic values and high standards

Good governance and transparency

Equal partnerships

Green and clean

Security focused

Catalysing private sector investment

# Common Goals for Green Energy Transition (SDG 7)

## Objectives

- Contribute to increasing the share of renewable energy sources in energy generation, and increasing access to affordable, reliable and sustainable energy services
- Promote energy efficiency

## Example of targets for Africa

➤ Additional renewable energy generation capacity

+ 50 - 100 GW

➤ People with access to energy by 2030

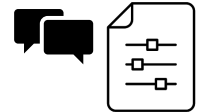

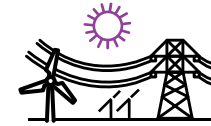

100-200 M

1

### Policy Dialogue

*Working together with partner countries to create the enabling conditions to advance in the clean and just energy transition*

2

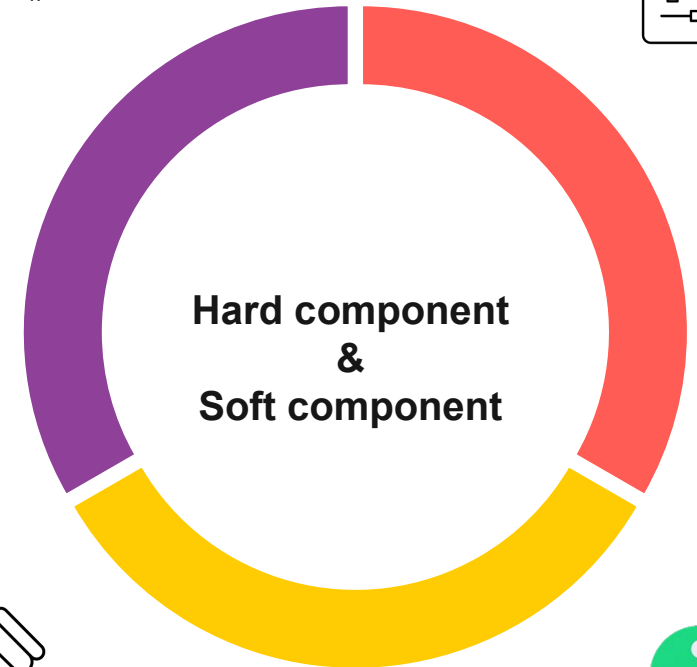

### Technical Assistance

*Improving of the regulatory environment, conducive environment for energy investments, capacity building, ...*

3

### Financial support to investments

*De-risking investments to scale up public and private investments in sustainable energy infrastructure.*

# MULTIDISCIPLINARY RESEARCH

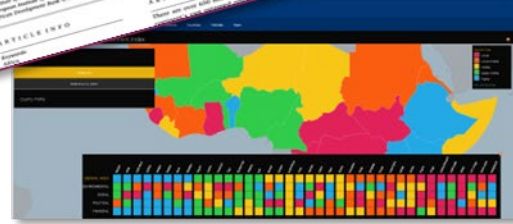

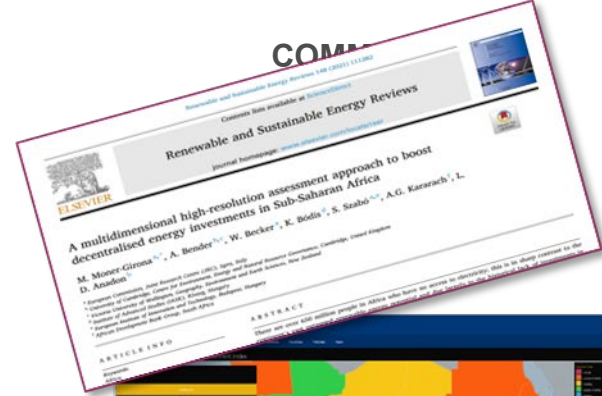

# POLICY MAKING PROCESS

# PROJECT IMPLEMENTATION

COMMON GOAL

From the screen to the field.....

***IS THE FLOW OF INFORMATION SUFFICIENT and GOOD ENOUGH?...***

***WHY?...***

***CAN WE DO MORE and BETTER? HOW? ...***

# Thank you
